Kenai, Alaska 99611

Dear Mr. Gray;

I would like to thank you on behalf of the Kenaitze Indian Tribe for the outstanding video you made of our Native Youth Olympic Team. The 30-minute video is an invaluable tool for our youth programs. Several times throughout the summer we have shown the video to special guests who have visited or during our summer camps.

Every time the episode airs on the television, we have an incredible amount of compliments from viewers. Having this video produced has helped to heighten the cultural awareness on the Kenai Peninsula, while giving our youth pride in what they are doing.

I would like to invite you to make another video on our NYO Team, but this time focusing on our junior team, which is comprised of 1st to 6th graders. These young kids are excellent athletes and would love to show off what they can do. I hope other native organizations will take advantage of your talent and have you put together videos for them. We will be calling on you again.

Chiqinik (Thank You),

Amber Glenzel
